

Prayer for Assistive Technology Teachers

Holy Spirit,

I thank You for the gift of technology.

Grant that I might teach those who use it

With reverence -

...as they long to understand;

With kindness -

...as they struggle;

With hope -

...in the promise of freedom that knowledge brings.

May it help bring to fulfillment

Your wonderful plan

For each precious child

You have called me to serve.

I make this prayer to You

In the name of Jesus, the Lord.

Amen
