

Cardinal Virtue of Justice Descriptor

All God's children are called to practice justice. Justice has two parts:

1. Giving God the worship He deserves as our Creator:

- when we pray alone
- when we pray together, especially at Sunday Mass
- when we follow God's law of love and seek to do what is good

2. Treating our neighbour, who is made in God's image, with mercy and fairness. This means:

- by helping others have what they need
 - by standing up for one another
 - by forgiving one another
